About Me

I am Burak Özünalan, born in Ankara in 1996. I graduated from
Çankaya University, Department of Interior Architecture.
Due to my interest in 3D design and modeling, I do level design and
environment design using Unreal Engine 5 and Unity.
I developed 2 games at Google Game and Application Academy.
I did my master's degree at Hacettepe University, Department of
Computer Animation and Game Technologies.
